

Kimball Farms Nursing Care Center.

Perfection.

We're pleased to announce that Kimball Farms Nursing Care Center received a perfect score on its 2008 Massachusetts Department of Public Health survey.

A perfect survey is one affirmation of the highest level of quality care and service a nursing home can receive. Berkshire Healthcare is proud that Kimball Farms Nursing Care Center—part of the Kimball Farms Lifecare Community in Lenox—has earned this top honor. It shows that Kimball Farms Nursing Care Center provides excellent nursing and rehabilitation care and service...every day, in every way.

We're also happy to take this opportunity to publicly and individually recognize our Kimball Farms Nursing Care Center staff members. The compassion they show our residents, the professionalism and integrity they bring to their work, and the enthusiasm with which they approach the challenges of each day are inspirational. The perfect survey would not have been possible without the extraordinary contribution each of them makes both to the success of Kimball Farms and to the health, happiness, and well-being of our patients and residents. As a team, they have truly perfected the art of superior care.
